

Dear Colleague,

I am Erasmus+ Institutional Coordinator of Sakarya University. I am writing you both on behalf of the Sakarya University and the DUSK (Eastern Marmara Universities Industry Consortium) Higher Education Mobility Consortium for Erasmus+ traineeships, accredited by European Commission. Sakarya University is the coordinator institution.. DUSK Consortium consists of 6 partners (3 universities and 3 trade and industry chambers).

We are looking for cooperation possibilities with other Mobility Consortiums accredited for Erasmus+ traineeships in Europe. I really appreciate if we create collaboration between our Universities and Consortiums for Erasmus+ traineeship. Since Sakarya is an industrial area with several international companies, we also can find internship positions for your students in Turkey.

For more information about Sakarya **University** kindly visit the following **links**:
